“Sugar Coated Baby”

Opener:

When the last sole flicker of the sun goes down
They turn the lights on all over town
That's when you see me walkin' Broad and Main
I'm gonna go ---
Allemande left and weave.
I'm just like a kitten playin with a string
When you meet your lady Swing and Promenade
She's sweet as honey all the way around
She's sugar coated all the way down

Figure:

Heads (sides) square thru 4 around,
You meet you corner and you all Slide thru
Pass thru, Wheel and Deal, Double Pass Thru
First couples go Left the next right
Square thru 3 hands around tonight
Swing the corner girl and Promenade
She's sweet as honey all the way around
She's sugar coated all the way down

Middle Break:

Sides face Grand Square
I'm drownin myself in her eyes of blue
Each and every kiss is just like brand new
I bet when you find me, I'll be nestled in her arms
Havin' myself ---
Allemande left and weave.
I'm just like a kitten playin with a string
Swing with your lady and promenade with me
She's sweet as honey all the way around
She's sugar coated all the way down.

Ending:

Well her love I get for nothing, it don't come on
the cuff
Comes from her heart and I never get enough
She kisses me like a drink of wine
It warms me all over -
Allemande and weave
I'm just like a kitten playin with a string
Swing with your lady and promenade with me
She's sweet as honey all the way around
She's sugar coated all the way down.
