All four ladies chain, turn with your girl  
Roll-a-way, circle left go movin' it along  
All four ladies Roll-a-way circle and then  
Allemande Left your corner come on weave that old ring  
I got some rust on my Chevy but it's ready to roll  
I got a rhinestone sky and a song in my soul  
It ain't a smooth ride, it's a winding road  
Well, it might be gravel, but it feels like gold

**Figure:**

Heads (Sides) square thru four hands around  
All the way and then, make right hand star  
Heads (sides) star left full turn around  
Same two do a dosido once around and go  
Well you Swing thru and then boys you trade  
Swing that lady there and you all promenade  
It ain't a smooth ride, it's a winding road  
Well, it might be gravel, but it feels like gold
