“Party Mode”

(Dustin Lynch)

Opener:

Sides Face Grand Square
There ain't no changin' how it all wound up
She took off flyin' in a cloud of dust
I ain't sayin' that it don't hurt
I got a ninety-proof
Allemande left and weave
Drinkin every single drink
Seven nights a week
Swing and promenade
Doin' that thing I do
Runnin' from the truth
And burnin' it down

Figure:

Heads (Sides) you promenade half way go round
Walk in and square thru it's four hands round
Go all the way and do the right & Left thru
Veer to the left and the couples circulate by two
Half tag the line and scoot back
Swing that corner – promenade
Doin' that thing I do
Runnin' from the truth
And burnin' it down

Middle Break-Ending:

Sides face grand square
Party mode, party mode, party mode
That's how it goes, how it goes, how it goes
Neon lights, honky-tonks 'til they close
Party mode, party mode,
Allemande left and weave
Party mode, party mode, party mode
That's how it goes, how it goes, how it goes
(swing and Promenade)
Neon lights, honky-tonks 'til they close
Party mode, party mode, party mode
